

The 2nd Symposium on International Joint Graduate Program in Materials Science

Date

November 4th(Mon.) - 5th(Tue), 2019

Venue

Qatar Science Campus Hall, Aobayama Campus

Topics

- **Organic semiconductor Laser**
- **Spin orbit coupling**
- **Carbon Nanotube X-ray**
- **Soft matter**
- **Quasicrystal**
- **Topological insulators**
- **Machine Learning for Material discovery**
- **Condensed matter science**
- **Nano-structural materials**
- **Inorganic functional materials**
- **Additive manufacturing**
