

**Submission of Academic Proficiency Certificate for the Entrance Examination in Geophysics  
(Special Selection for International Students)**

Applicants are required to submit scores from the GRE® Subject Test in Physics and/or Mathematics as a Certificate of Academic Qualification. The scores must be from tests taken within two years prior to the examination date.

**(1) Method of Submission**

Please upload a PDF file of the Official Score Certificate (digital official certificates are also accepted) from the GRE® Subject Test via the online application system.

If you also submit a paper certificate, please provide the original document.

**(2) Notes**

- Submitted scores will not be returned.
- The submitted GRE® Subject Test scores in Physics and/or Mathematics will be individually converted into standardized scores to evaluate academic ability.
- If multiple scores are submitted, the highest converted score will be used.
- Applications will not be accepted without the submission of the Certificate of Academic Qualification.
